TARGET MARKETS

Examples include:

- Used oil recyclers and oil field waste treatment, storage or disposal facilities
- Industrial waste water treatment and other liquid recyclers (antifreeze, parts washers, solvents)
- Landfills (municipal solid waste, waste management authorities, construction and demolition and other landfills, including deep-well injection)
- RCRA-permitted hazardous waste treatment, storage or disposal facilities, federally-required to carry Pollution coverage
- Low level radioactive waste treatment, storage or disposal facilities
- Electronic waste, light bulb and universal waste treatment, storage or disposal facilities

POLLUTION PRODUCTS AVAILABLE

- Pollution and Remediation Legal Liability (PARLL)
 - Provides coverage for loss, remediation expense and legal expense under one policy for sudden and gradual pollution conditions at or from covered locations

P&C PRODUCTS AVAILABLE

P&C lines available for all classes of Environmental Facilities when written with a pollution product. Includes: Workers Compensation, Property, General Liability, Automobile Liability and Physical Damage, and Umbrella.

RISK CONTROL SERVICES

A broad range of services are available to minimize losses and protect profitability, including training subjects such as: general landfill regulatory overview/safety procedures; defensive driver; safe refuse driving; radiation; risk management services; review and development of risk management programs; third-party auditing

CLAIMS SERVICES

Specialized claims handling with cost-effective solutions to litigation and remediation problems associated with an incident. Technical expertise, a nationwide network of remediation contractors and environmental attorneys, effective cost recovery strategies and responsiveness assist in minimizing the overall financial risk associated with a loss.
